

The Dust-Free *Glass Kiln* that is so much more ...

- **NO DUST ON YOUR PRECIOUS GLASS!**

Hard Ceramic element holders prevent most dusting typically found when elements are pinned into firebrick tops. THIS IS A UNIQUE FEATURE perfected by L&L Kilns.

- **SQUARE DESIGN**

30.5cm (12") square hearth is included: perfect for glass projects. 22.9cm (9") depth allows you to do low-fire ceramic projects *in the same kiln!*

- **PROGRAMME CONTROL**

Bartlett controller comes with four programmes that can be easily modified.

- **GREAT FOR MOST FIRED ARTS AT HOME, SCHOOL OR STUDIO**

Fuse glass, rake glass, china paint, low-fired ceramic bisque & glaze, PMC precious metal, heat treat knives.

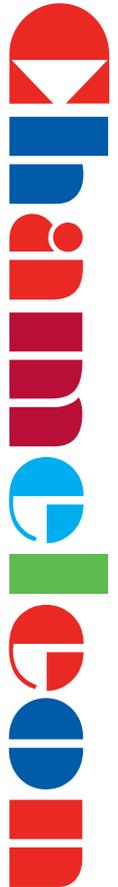

- **SAFETY PLUS**

Power switch positively shuts off power when the lid is opened. An on/off circuit breaker that turns off *all* power to the kiln is included. The stand is attached and integral to the kiln.

- **WORKS ON A STANDARD HOME POWER CIRCUIT**

- **THREE YEAR WARRANTY**

- **CE CERTIFIED**

Only L&L Kilns have exclusive hard ceramic holders that prevent dusting in the kiln

The **Chameleon** glass & hobby kiln is the new home kiln for glass artists and other fired arts enthusiasts. It will fire low-fire ceramics, PMC and do heat treating as well as glass fusing. It is the first small square kiln for home use on the market with L&L's unique and famous hard ceramic element holders. Complete easy-to-follow visual instructions make this kiln ideal for the beginner yet powerful enough for experienced users.

Element Support	Hard Ceramic Element Holders on top - no dusting
